

## Mr. Canton — Reassessment Plan for Global Studies

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Students: This reassessment plan must be turned in to me within two days after receiving your grade for the first assessment. After two days the opportunity for reassessment is gone.** However, you do NOT need to take the reassessment within two days. You will have time to relearn, revise, and practice again before taking the reassessment. The reassessment must take place during the designated reassessment time(s) that I schedule. Any and all late or missing practice, assignments, or study guides must be turned in and completed before you take the reassessment. This does NOT mean you need to complete all missing work within the two days – you just need to have it in before you take the reassessment.

Be prepared for a different form of assessment. It is possible that your reassessment will not be the same format as the first assessment. For example, if the assessment was multiple choice questions, I might verbally ask you the questions or give you short answer questions. Reassessment (revision) of essays will be the same format. Lastly, the grade you earn on the reassessment will fully replace the grade on your previous assessment. You have the opportunity to earn back all the points you lost the first time around.

You must return this slip to me, completed and signed by your parent/guardian, no later than two days after you receive your score on the assessment. After the two days are over, the opportunity is lost.

**Parent/Guardian:** I would be happy to discuss any questions or concerns that you might have. Please sign the form to acknowledge that you have been informed about the re-teaching and reassessment opportunity for your student.
